About Nasscom Foundation

NASSCOM Foundation, leveraging its unique position as the social arm of the industry body NASSCOM, aims to meet this 'demand' by tapping the 'opportunity'. Our work is just as expansive and evolutionary as the potential that technology and corporate India entail. Drawing strength from its strong association with its four major stakeholders – NASSCOM, NGOs, emerging social enterprises, and Government, the Foundation is changing India bit by bit.

Most of the IT / ITES companies today have very strong CSR programs through which there is a special focus to hire underserved communities. Also due to technological shifts companies are looking for skilled workers in advanced computing. About 50% of 150 plus companies – multinationals, large companies, high growth start-ups and early age start-ups – which took part in a March 2021 survey said they would hire the EWS community in the first quarter of the year than they did in this period last year. Due to technological shifts companies are looking for skilled workers in advance IT Skills. The current requirement of a skilled workforce with technology skills like Cyber Security, Data Analysis, Cloud Computing is increasing as the sector is currently witnessing a boom.
