Objective of the National Conference:

To bring the awareness about the advances and innovative developments in Civil Engineering Constructions and sustainable development to all the Stakeholders.

This conference also aims at bringing together academicians, researchers, scientists, engineers and industry experts to deliberate the advancements in Civil Engineering construction. India being a developing country, there is an ample scope for infrastructure developments which augers well for construction industry and innovative practices.

Topics of the National Conference

To cover on Emerging Trends on the following:

- Trends in Concrete technology.
- Advancement in Transportation Engineering.
- Application of Software in Structural Engineering and Environmental management.
- Geo-Environmental Engineering
- Application of RS and GIS Softwares in the field of water resource Engineering
- Groundwater management.

Call For Papers

Prospective authors from academics, Research Scholars, PG & UG students of Civil Engineering and related fields from various parts of the country are invited to participate.

Paper Submission

NCRTEST-23 invites the authors to submit a soft copy of full length paper in standards IEEE double column format. The paper should reflect title and affiliation of authors with their e-mail id. All contribution should be of high quality, original and not published elsewhere or submitted for publication.

Please submit soft copies to:

About the Institute

C. Byregowda Institute of Technology (CBIT), established in the year 2009 is approved by AICTE, New Delhi and is affiliated to Visvesvaraya Technology University (VTU), Belagavi, Karnataka. The institute offers both UG & PG courses Computer science, Civil, Electronics and communication, Mechanical and AI&ML engineering branches. All the Departments have well qualified staff and well equipped laboratories, library, Computing & Sports Facilities along with other amenities.

The College is Located at a distance of 63KM from Bengaluru City. The Chief patrons of the college **Dr. A Prabhakara Reddy, President** of the institute is a great scholar and Doctor by Profession and **Er. V Krishna Reddy, Secretary** of the institute and **Class I Contractor** in Civil Engineer. **Dr. Basava Kumar K G, Principal** of the college are supporting in all respects and working for further up liftment of the rural college by allowing the Department to conduct various activities.

About the Department

The Department of Civil Engineering established in the year 2009 with an initial intake of 60, headed by **Dr. Shivaraju R**. The department is equipped with well-established laboratories and classrooms with highly qualified faculty. The **FCE** of the department is an active & vibrant platform by conducting various activities viz., Seminars, Conferences, Workshops, Industrial visits and student symposium. In addition, the department has Consultancy Cell, offering services for Third Party Inspection and material testing to cater the needs of PWD, Municipal authorities, local bodies and construction industries. The department has MOU with reputed organizations. The department has established Centre for Research Project in which a VTU sponsored research on Geo-Environmental Engineering under the supervision of **Dr. Shivaraju R** as Principal Investigator. All the faculties are dedicated and actively involved in academic, research and consultancy activities.
